PAVING ON NH ROUTE 11 IN FARMINGTON WILL REQUIRE LANE CLOSURES
ONE MILE SECTION JUST EAST OF NH ROUTE 153 INTERSECTION

The New Hampshire Department of Transportation announces paving operations will take place this Thursday, August 30, 2001 on NH Route 11 in Farmington.

This paving work on a one-mile section of Route 11 just east of the NH Route 153 intersection will occur during daytime hours and will require one lane alternating traffic. Police officers and flag persons will assist motorists through the work zone. Those traveling on NH Route 11 in the Farmington area on August 30 should expect delays and take alternative routes if possible.

SUR Construction of Rochester, New Hampshire is the general contractor for the \$600,000 road resurfacing and shoulder-widening project, which is scheduled to be completed in October 2001.
